Students in Manhattan
Beach public schools who
benefit from MBEF

MBEF is a community-driven fundraising organization, which supplements state funding for programs that inspire learning, enrich teaching, and promote innovation and academic excellence in the Manhattan Beach public schools. All proceeds from the Manhattan Wine Auction provide critical funding to the Manhattan Beach Education Foundation Endowment to support this mission. As a consistent and sustainable funding source, our schools are filled with enrichment opportunities today and for years to come.

A Foundation for Excellence

Each year, donations to MBEF support a vast array of programs, that enrich the educational experience of every child, every day. MBEF's investment ensures that our students have access to a strong, well-rounded academic program – with enrichment opportunities in STEM, Music & the Arts, Physical Education, and Reading, Writing & Libraries. Our students also benefit from access to more personalized learning in smaller classes and extensive support and counseling services. The foundation ensures our students are equipped for the next step in their academic journey.

The MBEF Endowment

MBEF is one of the few public-school education foundations with an endowment that provides a sustainable funding source dedicated to enhancing the quality of our public schools for years to come. The MBEF Endowment protects our schools from the erratic fluctuations of state funding by creating a long-term, secure funding source.

Through ongoing contributions and prudent fiscal management, the MBEF Endowment disbursed \$1,000,000 to fund MBEF programs in our schools for 2021-22. Donations to the Wine Auction support the MBEF Endowment and our efforts to build a sustainable source of funding for our schools in perpetuity.

Decades Of Inadequate Funding

Funding for California public schools has been insufficient for decades — year after year California ranks near the bottom in annual per-pupil spending and 18% below the national average. Our Manhattan Beach schools receive roughly \$10,500 per pupil, putting our funding level at the **BOTTOM** of both the state and country. We receive barely enough to fund the basics — not the enriched educational opportunities that we expect. To learn more, visit the “What We Do: School Funding Facts” page of the MBEF website (www.mbef.org).

Thank You

Our schools and students excel because we have an engaged community that is willing to invest time and money in our students education and future. Many of our district’s programs and positions would be eliminated if not for the generous support and investment from our community and business partners. Thank you for investing in our schools.
